Vicky - we received the Soils Report today for G-18, G-31 and the area of the proposed access road. The amendment is now complete to begin review. The review will be due on September 12.

According to Chris Hansen, there was no soils report in the amendment submitted for the road. The copy I retained here has a description of the soils for the road. If additional information is needed or I misunderstood this message from Chris, I would appreciate some clarification. I would appreciate written clarification.

Which regulation are you referencing?

Would you please set up a meeting for next week and let me know where and when? I am available any day next week.

We can make decisions at this meeting as how to proceed.

I will pick up the amendment next week at the meeting if it is necessary. Please let me know, what you have decided.

Thanks, Vicky
